INCOME:

Weekly Income x 4.334
Bi-Weekly x 2.167
Twice Monthly Income x 2.0
Monthly Income x 1.0

Example: A two-parent household with three children has one parent working 40 hours per week at \$10 per hour. Another parent works 35 hours per week at \$8.50 per hour.

Parent #1: 40 hours x \$10.00/hr.= \$400.00 per week

Parent #2: 35 hours x \$8.50/hr.= \$297.50 per week

Total = \$697.50 per week
